Fr. Sean's Ethiopian Mission Trip Reflection

Dear Parishioners,

Now that I am back from my mission trip, Msgr. Bronkiewicz asked me to write a reflection on my trip to Ethiopia. This was my second mission trip, the first being when I was in college and had an opportunity to go to Mexico. However, by far going to Ethiopia opened my eyes much more.

One take away is how easy it is for me to take for granted necessities that we have here, such as clean water without having to worry about it. Also being thankful for what I have! Not being jealous or even envious of what I do not have. Seeing joy in eyes and the excitement that the villagers had knowing that one of the basic things in life i.e. clean water was now finally at their grasp. Now they do not need to be concerned about the many sicknesses that the villagers suffered from.

During this trip, we had an opportunity on the last day to visit the Missionaries of Charity (Mother Theresa of Calcutta's order) in Addis Ababa (the Capitol); they run a hospice and hospital. This site brought tears to my eyes and my heart went out to the patients. They have a children's wing, pre and post-natal care, tuberculosis (TB) wing and a cancer wing, plus a lab. This hospital had electricity, but the transformer that brought the power in from the street had burnt out and the government has not yet replaced it. The only part of the hospital that had a generator was the lab.

When we visited the children's wing, one little toddler jumped into my arms out of nowhere and wanted to play; that was one of the joyful occasions of this visit. Another was with a young boy between 4 and 6 years who suffered a spinal injury where his disks had collapsed. Now he walks bent over with a bump on his back. I asked the sisters if he was in pain, they said not anymore. The doctors are helping to rehabilitate him. Even with his spinal cord issue, he also was playful and had a glow in his eyes. After being with him for a little while he jumped in my arms and had me carry him around. When we left all the kids kept saying bye to us. As I reflect back, all I can say is thank you Lord for giving me this opportunity just to be there with these children.

We visited the TB wing which was also heart wrenching because for them this can be a death sentence unlike here in the United States. Sister explained to us if they are able to catch it right away, the drugs can cure it, providing they stay in the hospital for 6 months. Otherwise, if they leave, the TB will come back and the drugs will have no effect.

In the weeks and months to come I will share more experiences in my homilies as they connect to the Gospel. If any of you are interested in seeing pictures and videos I will be more than happy to share them with you.

Fr. Sean

Thank you to all who supported the Guatemalan Mission Project by attending the Fiesta September 30 and/or donating to the project. **The Fiesta was a huge success and we exceeded our goal of \$15,000 with proceeds of \$18,628!** This means that we are able to fully fund the Water Catchment System to provide clean water to the village of Santa Maria de Jesus, provide 73 students scholarships to Angelitos de Dios School, and make the necessary repairs to the school's water pump, septic, cistern, sinks and roof. In addition, with the extra funds, we are able to provide 100 water filters to families in the neighboring village of San Tomas.

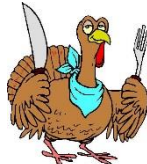

Thank you to Grupos Quetzal, who provided the food, music and dancing, and all the volunteers who helped make this project a success. We hope to share the mission experiences with the Parish when we return after our trip November 10-18.
