

Open Your Heart and Home to an International Student!

A welcoming family is needed to host International high school students that will attend schools in your neighborhood, arriving in August 2017. As a host family, you will offer an international student the opportunity to discover America through your eyes throughout the school year. Your family will not only gain a new family member, but will also learn about a different culture, its values and tradition, language, food and more.

Interested Host Families would be required to provide their student with meals, transportation to/from school (busing and carpooling where available), and a private bedroom. To offset the costs of hosting, a generous monthly stipend in the amount of \$1,000 per student is offered - Host Families may host up to 2 students of the same gender!

All students studying in the U.S. are required to undergo a detailed application process including a one-one-one SKYPE interview with an AIEP staff member, English proficiency testing, medical pre-screening and other application requirements for the schools they will be attending.

AIEP is a professional outside agency that specializes in guardianship and homestay programs for international students.
